Subject: Pre-drill data from Cabot submission

Jim and all here is the pre-drill data from the recent submission on the wells in the area. Jim could you take the Lat/long and name fields and map them for Dennis and Gerry tomorrow? Mike and I have put them into a common excel file and I'll merge his file wit this one when he finishes up adding the last few..

Dennis and Gerry- here is the most complete pre-drill I can pull from the data Cabot has given us so far. There are still homes missing, like  but I'll add the rest next week if they send it to us on Friday.
